The Difference.—The question is often asked, what is the difference between a registered letter and any other? The difference is that a registered letter does not go in the mail proper. It passes from hand to hand outside the mail pouches, every person through whose sunds it passes being required to sign a receipt for it on passing it over to the last receipt for it on passing it over to the last receipt is thus always able to show who is accountable for the loss. The responsibility rests upon the man who has signed a receipt for the registered package, and who is not able to produce the package or a receipt from somebody else for it. The safet way is to send a moneyorder. Where it does not go to a money order office it should always be sent in a registered package. The Prillearmonic Concept.—The regular temperance meeting was held in the M. E. Church at Moundaville last evening. It was opened with singing "Yield not to Temptation." Rev. Sanger ford read the story of the Prodigal Son, and Rev. Wilson, of the Disciples to Church, led in prayer. There was more langing, after which Rev. Sanford ted in prayer. Capt. WHERLING FOR A HOO.—Yesterday afternoon a large number of our German citizens went out to Frank Walters place, on the National road, to enjoy the ion of a wheelbarrow tournament. About one hundred and fifty persons were present, and all entered into the enjoyment of the occasion with a zest that engendered perfect good humor. The prize was a fat hog, weighing 900 pounds. Sixty chances were sold, at one dollar each, and each chance entitled the purchaser to one trial with the wheelbarrow. The contestants were blindfolded, and after being turned around so as to loose their reckoning, attempted to wheel in the direction of the stake, the person hitting the stake to carry off the prize. The sport began at 2 P. M., and was kept up without intermission for nearly three hours. The efforts of the men to ascerbain their bearings, and their awkward with full orchestra, and the ever fresh and ever fresh and ever fresh and ever fresh a up without intermission for nearly three hours. The efforts of the men to ascertain their bearings, and their awkward adventures, were the occasion of much merriment. "During the week, while at so many places of amusement everything was-being done to please the fancy, at one theater Prof. S. S.
